MDL No. 1456

CIVIL ACTION: 01-CV-12257-PBS

Judge Patti B. Saris

DECLARATION OF CHARLES HANNAFORD

I, Charles Hannaford, under the penalty of perjury, hereby declare as follows:

1. I have personal knowledge of the facts stated below, would so testify in court if called upon to do so, and am competent to provide testimony.

2. I am the Fund Administrator for the Pipefitters Local 537 Trust Funds (the "Fund"). Our office is located at 35 Travis Street, Unit One, Allston, Massachusetts.

3. I am familiar with the records and documents maintained in the ordinary course of business by the Fund, and am familiar with the document governing the operation of the Fund. The Fund provides medical benefits, including a prescription benefit, to participants who are almost exclusively residents of the Commonwealth of Massachusetts.

4. The Fund was found to be an adequate class representative for Class 3 in this Court's January 30, 2006 Consolidated Order Re: Motion for Class Certification relating to Track I Defendants. I have been advised that other defendants, referred to as Track II Defendants, include: Abbott, Amgen, Aventis, Baxter, Bayer, Dey Labs, Fujisawa, Gensia (a member of the Sicor Group), Immunex, Pfizer, Pharmacia, Sicor, and Watson.

5. The Fund uses Blue Cross Blue Shield of Massachusetts ("BCBS of MA") as its third-party administrator to process medical benefit claims for our plan members. BCBS of MA has performed this function for us for many years. BCBS of MA compiled claims data for the

Fund showing AWP-based payments for physician administered drugs manufactured by both Track I and Track II Defendants. This claims data has previously been provided to Defendants in electronic form.

6. As Administrator of the Fund I authorized Fund counsel to survey the electronic claims records of the Fund. This search confirmed that the Fund made payments on behalf of Massachusetts residents based on AWP for those single-source and multi-source drugs manufactured by Track II Defendants reflected in the chart attached as Exhibit 1.

7. Specifically, the Fund made payments for drugs purchased by Massachusetts-resident beneficiaries that were manufactured by the following Track II Defendants: Abbott, Amgen, Aventis, Bayer, Baxter, Dey, Fujisawa, Immunex, Pharmacia, and Watson.

I make the foregoing statements under penalty of perjury on the date written next to my name below.
